Subject: Performance Improvement Plan

Dear Bhushan,

This e-mail is intended to reiterate your conversation with Sunil Kavoor Pai and myself about your performance. We rely upon each employee to perform their jobs to the best of their ability and at a satisfactory level in order to keep our working environment positive and productive one.

As communicated to you, effective from **9 November 2021** you have been put under a **Performance Improvement Plan** for 1 month to assist you in meeting the performance standards mutually agreed by you and your manager.

In order to support you through this, you are required to update Hima Bindu on a regular basis to monitor and discuss your progress against the performance goals that are identified. Your performance will be reviewed on a fortnightly basis and accordingly we will decide on your employment status by **23 November 2021.**

Your Objectives during the PIP are mentioned below.

- Understand Project scope and analyse the requirements so that manual testing can be performed
- Make sure to report all bugs and get them resolved on priority basis from dev team
- Learn required things for implementing Protractor automation frame work for Click and drag tool
- Setup automation framework for click and drag tool
- Take ownership on QA related activities and Quality of deliverables

If you require assistance or have any concerns during this period, please do not hesitate to discuss them with us. We continue to believe that you can be a valuable part of Tricon in the future and look forward to seeing positive actions and results from our discussion. It is our hope and expectation that you will respond positively to the Performance Improvement Plan and improve your performance level.

Regards
Sanjana B.S.
